Central Group has established a bespoke Carbon Reduction Plan to publicly commit to achieving Net Zero Carbon emissions by 2050. Central Group is actively pursuing its wider ESG issues to maintain a long-lasting sustainable business. The long-term commitment of our internal stakeholders is crucial in ensuring our sustainability and ESG success:

- Commitment and adherence to the Central Group Carbon Reduction Plan and target of Net Zero carbon emissions by 2050 is fundamental.
- Actively contribute to our current and future sustainability goals by incorporating ESG and carbon reduction considerations into your daily tasks and decision-making processes.
- Communicate potential carbon reduction and/or ESG initiatives that could assist Central Group achieve their future Net Zero carbon emissions and ESG targets.
- Fostering environmentally responsible practices, promoting social equity and diversity, and maintaining high standards of corporate governance.
- Committed to upholding Central Groups ESG commitments is paramount.

CORE VALUES:

TEAMWORK

Approach problems and success with a 'we over me' mentality. Communication and trust are key!

SUSTAINABLE

We are committed to achieving net zero carbon emissions by 2050. We put our customers and employees first as we create an ethical cycle of improvements for the planet and society as we grow.

PASSION

Take pride in what you do, be honest and work with integrity. Care about you, your work, your colleagues, our community, and the environment.

SAFETY

On every project, at all times, safety is our top priority. We make no compromise concerning morality, ethics or safety. Take no risks, go home safe!

GROWTH

Learn and evolve personally and professionally as an individual, team and business. Innovate and continually improve with no compromises in quality standards. Share the success!
